

**It's Our Turn to Go Viral**  
**Sermon # 22, Select Passages in Acts**

**Main Point:** *God Himself empowers each of us to accomplish His viral plan.*

**Getting to Know You**

1. How has God impacted you through this series on the book of Acts?

**Getting into the Book:**

2. Read Acts 1:8. In what ways have you experienced the Holy Spirit's power to go viral?
3. Going viral successfully happens when God's ability meets our availability. On a scale of 1 (don't call me) to 5 (call me anytime) how available are you to go viral? What specifically needs to change so you could be more available for God?
4. Read Acts 13:1-4. How do most people view the purpose of the church? Do you agree or disagree that the church is God's mission sending agency? Why?
5. What examples in Acts can you think of where opponents tried to stop Christians from going viral? (Leader: you can find examples in Acts 4; 5:17-42; 12; 28:16, 30-31.) What was the result? How does this discourage or encourage you to go viral?

**Getting Out There**

6. What specific training do you need to feel more confident as a witness? What could you do to get that training?
7. What dreams do you have for our church to increase in going viral?
8. How have you seen God working in the lives of those for whom you have been reaching up in prayer?
9. Tell the group about any opportunities you've had to go viral.

**Pray**

Praise God for the work He has done in our lives to raise our "evangelistic temperatures." Praise Him for the fact that no matter what people do to His workmen, the work will go on.
